

# Artificial Intelligence (AI)

**Objective:** Artificial Intelligence (AI) is a field that has a long history but is still constantly and actively growing and changing. In this course, you'll learn the basics of modern AI as well as some of the representative applications of AI. Along the way, we also hope to excite you about the numerous applications and huge possibilities in the field of AI, which continues to expand human capability beyond our imagination.

**Introduction to Artificial Intelligence**

**Fuzzy Logic**

**Machine Learning**

**Artificial Neural Network (ANN)**

**Natural Language Processing**
